Wendia North America Customer-Partner Conference Monday, September 12th – Wednesday, September 14th 2016

2016 Customer-Partner Conference Team-Building Activities

Please select one of the following team-building activities

- Park City Golf:**
Enjoy playing a round of golf in the majesty of Park City's spectacular scenery with 360 degree views of the ski runs of Park City Mountain Resort and surrounding mountains.

- Off Road Adventure:**
Access Utah's dramatic backcountry in style and comfort while you drive a Polaris Razor off-road vehicle. We will be taking a beautiful 2 hour 30-mile ride up through Cascade springs. This was a huge hit at our conference last year!

- Alpine Slide, Alpine Coaster, and ZipRider:**
Park City Mountain's **Alpine Slide** is one of the longest slides in the world, with over 3,000 feet of gliding and sliding down a luge-like track. The **Alpine Coaster** is an elevated track that winds you through more than a mile of loops, curves and hair-pin curves at speeds up to 30 mph. The **ZipRider** propels you 110 feet above Park City Mountain Resort's ski runs at speeds up to 45 miles per hour.
